PROFESSIONAL SUMMARY

Senior Front End & Full Stack Engineer with 8+ years building scalable, performant web applications across SaaS, e-commerce, and other sectors, with focus on Vue, Nuxt, PHP and TypeScript. Proven track record in remote-first distributed teams across US, Spain, and LATAM.

EXPERIENCE HIGHLIGHTS

Built a company-wide ERP alone (Nuxt + Supabase) for a 3-province beverage distributor, saving an estimated 30+ hours/week of manual work and cutting stock discrepancies by ~70%. El Asadito SRL

Increased organic traffic by 38% via polished SEO strategy and improved Core Web Vitals (LCP 3.2s → 1.4s, CLS 0.15 → 0.08). Delfín Motor Labs SL

Shipped pixel-perfect, responsive UIs across internal CMS and consumer-facing monetization app, closing 120+ Jira tasks by translating Figma designs into production-ready front-end features. Blue Creator Agency

Drove 15% conversion lift by migrating 40+ Vue components from Vuetify to Tailwind, cutting bundle size 19% and improving LCP from 9.1s to 6.6s. Blue Creator Agency

Architected and developed end-to-end CRM with WooCommerce integration, automated invoicing, and Panama tax compliance module from scratch. BSE America

Mentored 3 junior developers, improving code review approval rate from 40% to 85% through code standards. BSE America

Enhanced geolocation capabilities for Fire & EMS operations, built a barcode/QR scanner processing 5,000+ daily scans with >99% accuracy. First Due

Led multi-tenant document management system with Elasticsearch capabilities, cutting typical search times from seconds to <1s. Grupo de Electrónica para el Turismo
